REQUEST FOR CERTIFICATE OF CORRECTION FILED  
PURSUANT TO 37 CFR 1.322

Dear Sir:

This request is made in response to mistakes in the above-captioned Patent.  
Patentees have enclosed herewith a Certificate of Correction form indicating the text  
of the correction requested.

RECEIVED  
PATENT PUBLICATION

REMARKS

Patentees have recently discovered mistakes in the above-captioned Patent. In particular, originally numbered claim 18 is missing, and the claims depending from claim 18 have been erroneously numbered and made dependent from the wrong claim. The final form of the allowed claim 18 and the corresponding correct numbering of the claims can be found in the record. Claim 18 had been amended once by Examiner's amendment in the Notice of Allowance of February 1, 2007, and the renumbering of claims is established in the Index of Claims dated April 30, 2008.

Patentees believe that the missing claim and the corresponding erroneously numbered claims are errors of consequence, necessitating issuance of a Certificate of Correction. Patentees submit that a sufficient showing has been made to indicate that the errors are attributable solely to the U.S. Patent and Trademark Office. Accordingly, Patentees respectfully request that the processing of the Certificate of Correction request be expedited, and a Certificate of Correction be promptly issued. It is believed that no fee is due, since the errors were incurred through the fault of the Office. If any fee is due, it should be charged to the Deposit Account No. 23-0510.

Respectfully submitted,
